WASTE & RECYCLING INFORMATION

Recycling Notice

Moosic Borough has opted to implement a combined stream, “one bin” format for recyclable **PAPER FIBER**. The conveyor and processor line have been retooled to implement this new program. The new system will allow each household to combine or commingle newspaper, office paper, magazines, phone books and heavy and light cardboard in one recycling bin. Heavy and light cardboard and office paper are new additions and consist of items such as office paper, mailing envelopes and discarded mail, cereal boxes, tissue boxes and gift boxes, among other items.

Glass bottles and jars without tops, aluminum and steel cans, beverage and food containers, plastic bottles, jars tubs, plastic tops and lids will continue to be included in a separate “one bin” format for containers. These items should be free of any food waste and debris

It is our impression that the new system will be easier for residents and the municipalities, resulting in increased participation as well as increased cost savings. We ask all residents to provide their own recycling container clearly marked recyclable...
